CHILD DEVELOPMENT  
INSTITUTE

## Pediatric Physical Therapist and PTA

- Full-time & Part-time Available
- Physical Therapist and Physical Therapy Assistant
- Pediatric Population

**Child Development Institute** is an innovative and creative non-profit agency of professionals, who provide evaluation, consultation and intervention for children 0-7 and their families in the San Fernando Valley.

### Job Description

Child Development Institute (CDI) offers full-time and part-part opportunities for an enthusiastic Physical Therapist to join our interdisciplinary team. We specialize in evaluating a wide variety of musculoskeletal disorders and treating children with deficits in the areas of range of motion, muscle strength, muscle tone, balance, postural alignment and functional mobility. Our pediatric population ranges from birth to 7 years of age. Therapy takes place in clinic and /or home settings. We offer early intervention to children that are developmentally delayed addressing global motor skills through hands on intervention and emphasis on family/care giver education. We utilize evidence-based therapies following a relationship based, family centered approach. Pediatric physical therapist duties include evaluation, treatment and management of infants and children. The physical therapist will provide case management of all assigned cases including note writing, report writing, managing client hours and communicating with other team members.

If you are interested in joining the CDI team and desire to uphold our values of collaboration and helping children thrive, apply today!
